LOGISTICS MARKET

AN OVERVIEW

The Logistics is the backbone of the global economy, connecting businesses, consumers, and nations through efficient movement and distribution of goods and services. Its continued development and optimization are essential for fostering economic growth, trade, and sustainable development worldwide. The **global logistics market size was accounted for USD 9.7 trillion in 2024** and it is expected to be worth around **USD 15.9 trillion by 2032** with a noteworthy **CAGR of 6.4% from 2024 to 2032**.

India being one of the fastest growing economies in the world has a great potential for growth in every sector. India's transportation and logistics industry is set to play a pivotal role in supporting the country's ambitious growth aspirations to reach a staggering US\$26 trillion by FY 2048. The India Freight and Logistics Market size is estimated at USD 317.26 billion in 2024, and is expected to reach USD 484.43 billion by 2029, growing at a CAGR of 8.83% during the forecast period (2024-2029). The logistics sector in India is predicted to account for 14.4% of the GDP.

The Government has launched substantial infrastructure development projects such as **PM Gati Shakti**, the **National Logistics Policy**, **Logistics Efficiency Enhancement Programme (LEEP)**, development of **Dedicated Freight Corridors (DFCs)**, **Bharatmala Pariyojana**, **Sagarmala Programme**, formulation of the **National Rail Plan (NRP)**, **National Infrastructure Pipeline** and **Jal Marg Vikas Project** with a specific focus on strengthening the logistics sector. These initiatives are viewed by the industry as crucial steps towards positioning India as a central hub for manufacturing. Also, the Government increased the capital investment outlay to Rs 11 lakh crore during the recent Interim budget 2024, to build infrastructure and strengthen India's position in the global supply chain.

Confederation of Indian Industry

ABOUT US

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 294 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2024-25, CII has identified "Globally Competitive India: Partnerships for Sustainable and Inclusive Growth" as its Theme, prioritizing 5 key pillars. During the year, it would align its initiatives and activities to facilitate strategic actions for driving India's global competitiveness and growth through a robust and resilient Indian industry.

With 70 offices, including 12 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with about 300 counterpart organizations in almost 100 countries, CII serves as a reference point for Indian industry and the international business community.
